2)**Port of Departure :** Beijing city, China

5 .Supply documents: Commercial invoice , Packing list , Bill of lading ,
Certificate of Origin and other required documents

6. Product parameters:

Sensor	1310000 pixel
Raster	TI 1280 LED
Yuntai	Magnetic multi-speed adjustable clamp
Calibration board	0.01mm
Scanning accuracy	0.008mm
Scan speed	0.3S
power supply	12V 5A
Group multiple scans	Support
Data interception	Adjustable plane interception
Feature matching	Automatic feature matching
Data Format	Lossless STL 3D format
Order system	Support
Lens	25mm/5MP
Turntable	Intelligent linkage two-axis turntable
Smallest details	0.05mm
Calibration board	5mm Optical calibration board
Scan range	80mm
Communication interface	USB 2.0
Multi-angle scanning	Support
Multiple scan	Support
Global registration	Globally correct mechanical deviation
Manual match	Manually select points to match
Data encryption	Support
Open interface	Can provide application development interface

7. Machine Description

Scan progress

0.008mm

Smallest details

0.05mm

8. Machine Application

9. After-sales service:

- 1) 24 hours technical support by email or calling
- 2) Use the English Manual and CD video to know the operating and maintaining.
- 3) Seller supply maintenance all the time even out of warranty

10. Warranty Terms:

Guarantee time: One year from the date of seller receiving machine

Guarantee range: Under the Normal working condition, the whole machine is in the guarantee range.
